To whom it may concern

I am writing to recommend the services of Mel DeGregorio Principal Consultant of GrrenUp Consultants, LLC. We engaged their compliance related services to conduct on-site compliance assessment to ensure that we maintain our Environmental Management System certification.

Mel DeGregorio reacted to our request very quickly and efficiently. Mel is very knowledgeable of US regulations and its implementation.

It was a pleasure to work with Mel during on-site visit. Mel performed compliance assessment very professionally, effectively, efficiently, while maintaining our confidentiality and her independence. Mel provided our organization with a very technical but still easy to understand well detailed final compliance report.

I feel confident in recommending GreenUp Consultants, LLC to anyone who requires such services. Mel is not only thorough, but also easy to work with, and always willing to take the time to discuss our concerns and respond to questions.

If you have any further questions, please feel free to contact me.
