To whom it may concern,

Mel DeGregorio, Environmental Consultant, worked with the Trelleborg Offshore Boston, Inc Staff under my direction from Dec 2009 to Feb 2010. During that time I developed a very high regard for Mel based on the outstanding contributions that she made to our business.

I highly recommend Mel DeGregorio as an expert principal environmental consultant. Mel was responsible for completing a formal internal audit of our operations at two facilities. She has excellent communication skills. In addition, she is extremely organized, reliable and knowledgeable in her field. Mel can work independently and is able to follow through to ensure that the job gets done. She is flexible and willing to work on projects assigned to her quickly.

Mrs. Degregorio takes initiative to go beyond the expected parameters of the job. All the intangibles that lead to success are in order with Mel. There will be no unpleasant surprises and I am confident she will fit in and help. Mel was a tremendous asset for our company and has my highest recommendation. If you have any questions with regard to the work she completed for our company, please do not hesitate to call.

Sincerely,
